CONTACT REPORT

DATE: 31 August 1965

PLACE: NYDO Safe Apartment, Beaux Arts Hotel

PARTICIPANTS: ☐ ☐ SR Division
☐ AECASSOWARY/29 (A/29)

1. Meeting Arrangements:

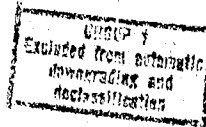

The meeting was set up by ☐ ☐ by telephone. A/29 was met on the corner of Second Avenue and 44th Street and taken to the hotel apartment.

2. Purpose of Meeting:

To introduce ☐ ☐ and A/29, and discuss the exploitation of A/29's contacts with the Ukrainian Mission. ☐ ☐ had been briefed in advance by ☐ ☐ regarding the history and current functions of the AECASSOWARY organization.

3. Narrative of Meeting:

☐ ☐ explained that he had recently been assigned to New York with the mission of coordinating our efforts against the Soviets in this area. To this end, Headquarters had recommended that he be placed in touch with A/29 in order to take advantage of the latter's contacts with members of the Ukrainian Mission here in New York. ☐ ☐ dealings with A/29 on this subject should in no way overlap with A/29's CA functions, for which ☐ ☐ had no responsibility whatsoever; A/29 would continue to see ☐ ☐ exactly as he had in the past. If any activity were generated which would make any but the most transitory demands on his time, it would be coordinated in advance with Headquarters.

SECRET

4. A/29 outlined briefly the type of contact he had with Ukrainians in New York--parties given by the Ukrainian Mission, other U.N. functions, meetings with visiting Ukrainian government officials, etc. As expected there had been very little activity during the summer, since many of the individuals concerned had been on vacation, but contacts should pick up again during the next few weeks.

5. However, A/29 was not convinced of the necessity for the proposed arrangement, since he was already passing to Headquarters reports on his contacts. [] pointed out that:

(a) the Headquarters office which received the reports, being geared to an entirely different kind of activity, could not be expected to do [] job in seeking out operational possibilities in the contacts.

(b) The inevitable time lag would be such that a particular operational opportunity might pass before [] had heard of it (he would have to be in direct touch with A/29 in any case should such an operational opportunity arise).

(c) In general, it would not appear rational for correspondence between two principals in New York to be conducted through a Washington office.

6. [] and A/29 exchanged telephone numbers [] using the NYDO number IDEN). It was agreed that [] would call A/29 later in the month, when it was anticipated contact with the Ukrainian colony would be resuming. []
